National Service Scheme (NSS) unit organized “Campus Cleaning” program on 6th April 2023 at Ambedkar Institute of Technology on the occasion of Dr. B. R. Ambedkar Jayanthi and Death anniversary of founder M.H. Jayaprakash Narayan.

On this occasion, our honorable Chairman Sri. S. Mariswamy, Honorable Secretary Dr. B. N. Umesh, Principal Dr. M. Meenakshi, Dean Academics Dr. K.N. Anuradha, Dean P&D Dr. Mahalinga V. Mandi, AAO Sri. Anand Babu, NSS Officer Dr. R. Murali, NSS staff coordinators, NSS student volunteers, staff and students were present.

A Clean and Green environment is a basic ideology in Sustainable Development. A whole lot of diseases can be traced back to unhygienic environment and irresponsible waste disposal. Maintaining clean environment is for health of all humans, as their health completely depends on atmosphere. A bad environment is solely responsible for spoiling the health of people around. Dirt and disease go together. The main purpose of this program is to create awareness regarding cleanliness and its benefits.

Sri. S. Mariswamy Honorable Chariman PVP welfare trust addressed the gathering. He dwelt upon the importance of a clean environment and in particular a clean environment in Dr. Ambedkar Institute of Technology campus. Volunteers and staff took part in this program with enthusiasm and zeal, which was worth watching. This amazing program which was initiated by our honorable secretary Dr. B.N. Umesh was a huge success.

This program truly imbibes the words of Joseph Addison - *“Cleanliness may be defined to the emblem of purity of mind”*.
